Indoor and Outdoor Enclosures

Outdoor Nema 3, 3R, 4, 4X Cabinet Enclosures • LTE • 4G • Wimax • Telecom • Security • Traffic

Product and Feature Descriptions		Competitors	What sets us apart from the competition?
Commitment to Goals			
Superior Customer Service			Superior customer service with no exceptions
High Quality Enclosures with Exceptional Repeatability			High Quality Enclosures time after time whether your order is 1 or 10,000
Design			
Versatile and Modular Enclosure Platforms for Non-Industry Specific Use			DDB enclosures are designed to be universal and adaptive to fit any application and vertical market
Rich Feature Set in Standard Enclosure Platforms			Differentiators included in our standard enclosures: front & rear doors, fully adjustable racking, better air flow, easier equipment installation, support of multiple options
Patented Alumishield® and Alumiflex® Materials			Alumishield provides superior solar protection and Alumiflex is lighter than steel yet strong enough to rack even the heaviest equipment
Warranty			
15 Year Warranty			DDB offers an industry leading 15 year warranty on its enclosures
Lead Time			
3-5 Day Shipment of Stock Enclosures			DDB has proven to be best in the industry on lead times with Over 100 items ready for immediate shipment
Quickest Ramp Up Time in the Industry			DDB has in the past ramped its streamline production process from 100 units per week to as many as 1000 units per month in only 6 weeks
Industry Leading Custom Enclosure Development			DDB can design, prototype and ship custom cabinets globally within 3-5 weeks. Fully staffed Engineering and CAD Department available at no extra charge (in most cases).
Quality			
ISO 9001:2008 Certification			DDB is proud to be an ever improving and progressive company deemed worthy of the ISO 9001:2008 Certification
Complete Checklist Style Quality Assurance Team			Every DDB enclosure must meet the rigid standards of our QA Team before shipment

Our Commitment

Customer satisfaction is our number one priority, and continually improving processes to produce quality cabinets that exceed customer expectations is our number one goal.
