

DDB Unlimited, Inc.

OD SERIES

UL LISTED

Best Warranty in the Industry

Why Choose the OD Series?

The OD series enclosure is the ultimate choice for your out-door racking requirements. Being made of our own rugged Alumi-flex®, you'll find it noticeably lighter than steel, yet strong enough to rack even the heaviest equipment. When choosing the OD series, you are selecting the highest value in American construction.

The OD series includes standard features you have come to expect; incorporating the versatile R-strut system, for adjustable racking, the security of the 3 point locking system, and Alumi-shield® solar cap to manage heat loads. Add to this the many accessory items that can be added to enhance functionality including HVAC, electrical load panels, bases, trays and cable entry solutions. DDB can make a truly customized solution.

DDB, a state of the art design, a competitive price, and a guaranteed delivery with benchmark leading lead times. Contact our professional staff to assist you with your design today.
