## SB SERIES

### UL LISTED

Best Warranty in the Industry

## Why Choose the UL50 Series?

The UL50 SB series outdoor enclosure is the ultimate choice for your indoor/outdoor requirements. Being made of our own rugged Alumiflex®, you'll find it noticeably lighter than steel, yet strong enough to support even the heaviest equipment. When choosing the UL50 SB series, you are selecting the highest value in American construction

The UL50 SB enclosure is optimal for public safety applications when UL Type 4 requirements are needed, and is ideal for both indoor and outdoor applications. Due to the flexible platform, the UL50 SB can be utilized as an electrical panel, battery storage, or communication cabinet as well as other numerous applications. The UL50 SB series includes standard features you have come to expect, including a standard back plate, key locks, and various mounting bracket types. Additional optional accessories that can added to enhance functionality include HVAC, the low profile 19" rack, and cable entry solutions.

DDB, a state of the art design, a competitive price, and a guaranteed delivery with benchmark lead times. Contact our professional staff to assist with your design today.
