Best Warranty in the Industry

Why Choose the SOD Series?

The SOD series enclosure is the ultimate choice for your outdoor equipment racking applications when versatility is needed. Being constructed of our Alumiflex® material, you'll find it noticeably lighter than steel, yet strong enough to rack even the heaviest equipment. When choosing the SOD series, ease of installation along with pad, pole and wall mounting options provide endless possibilities for where you can locate. With many standard features including 3 point locking system, venting system with reusable filter and top solar shield; you will see the value quickly add up. Add to this a long list of available options including HVAC climate controls, electrical and cable entry solutions allows the SOD series to provide a flexibility of options that are second to none. All this with industry best lead times and competitive pricing as you have come to expect with DDB. The SOD series... a versatile, scalable design to meet a wide array of situations.
