SY Series

SY-50DXL

Why Choose SY the Series?

The SY series of enclosures are the ultimate choice for your indoor racking requirements. Being made of our own rugged Alumiflex®, you'll find it noticeably lighter than steel, yet strong enough to rack even the heaviest equipment. When choosing the SY series, you have handpicked the highest value in American construction. The SY-50DXL includes the standard features you have come to expect with DDB, incorporating the versatile strut system for adjustable racking, and the security of a slam-latch, locking system. For those who need more than just our standard enclosure, DDB can also make a truly customized solution with our many available options, providing a climate-controlled environment for any electronic equipment, electrical load panels and cable entry solutions to name a few. All of this comes together to create an enclosure able to meet all of the unique needs your customers have been seeking. DDB offers a state-of-the-art design, a competitive price, benchmark lead times and a guaranteed delivery, all backed up with an industry leading 15-year warranty on every enclosure. Put DDB's substantial stock to work for you today. Contact our professional staff to assist you with your made-to-order solution.
