Certified company

ST Series

ST-62DXB

Made in America

Believing in American
Craftsmanship

Why Choose the ST Series?

The ST series of enclosures are the ultimate choice for your indoor racking requirements. Being made of our own rugged Alumiflex®, you'll find it noticeably lighter than steel, yet strong enough to rack even the heaviest equipment. When choosing the ST series, you have handpicked the highest value in American construction. The ST-62DXB includes the standard features you have come to expect with DDB, incorporating the versatile strut system for adjustable racking, the security of a lockable slam-latch system and easy clean filters. For those who need more than just our standard enclosure, DDB can also make a truly customized solution with our many available options including fan kits, heater strips, mounting trays, & cable management. All of this comes together to create an enclosure able to meet all of the unique needs our customers have been seeking. DDB offers a state-of-the-art design, a competitive price, benchmark lead times and a guaranteed delivery, all backed up with an industry leading 15-year warranty on every enclosure. Put DDB's substantial stock to work for you today. Contact our professional staff to assist you with your made-to-order solution.
