To: Whom it may concern
Re: California Prop 65 Compliance

Dear Recipient,

No substances on the California Proposition 65 list as of Thursday, May 7, 2020, have been knowingly or intentionally added to any materials supplied DDB Unlimited.

California Proposition 65 (officially titled the Safe Drinking Water and Toxic Enforcement Act of 1986, codified at Cal. Health & Safety Code §§ 25249.5–.13) is a California law that regulates the use of toxic and carcinogenic substances. Under the law, the State of California maintains a list of regulated substances, and if any consumer product contains a listed substance at regulated levels, the product must bear a warning to that effect. The list is updated several times per year.

More information about Proposition 65, including the list of regulated substances, can be found on the California Office of Environmental Health Hazard Assessment’s website at:
