

SB Series

SB-14127

Why Choose the SB Series?

The SB series, outdoor enclosure, is the ultimate choice for your indoor/outdoor requirements. Being made of our own rugged Alumiflex®, you'll find it noticeably lighter than steel, yet strong enough to support even the heaviest equipment. When choosing the SB series, you are selecting the highest value in American construction. It is ideal for both indoor and outdoor applications. Due to the flexible platform, the SB can be utilized as an electrical panel, battery storage, or communication cabinet as well as other numerous applications. The SB series includes standard features you have come to expect, including a standard back plate, key locks, and various mounting bracket types. Additional optional accessories that can be added to enhance functionality include climate controls, venting options, and electrical/cable entry solutions. DDB offers, a state-of-the-art design, a competitive price, and a guaranteed delivery with benchmark lead times. Contact our professional staff to assist with your design today.
