UL50 SB Series

SB-24168-R-UL50

Made in America

Believing in American
Craftsmanship

Why Choose SB the Series?

The UL50 SB series, outdoor enclosure, is the ultimate choice for your indoor/outdoor requirements. Being made of our own rugged Alumiflex®, you'll find it noticeably lighter than steel, yet strong enough to support even the heaviest equipment. When choosing the UL50 SB series, you are selecting the highest value in American construction. The UL50 SB enclosure, is optimal for public safety applications when UL Type 4 requirements are needed. It is ideal for both indoor and outdoor applications. Due to the flexible platform, the UL50 SB can be utilized as an electrical panel, battery storage, or communication cabinet as well as other numerous applications. The UL50 SB series includes standard features you have come to expect, including a standard back plate, key locks, and various mounting bracket types. Additional optional accessories that can be added to enhance functionality include HVAC and cable entry solutions. DDB offers, a state-of-the-art design, a competitive price, and a guaranteed delivery with benchmark lead times. Contact our professional staff to assist with your design today.

Application Types
