

# Accessories

## PMS-3030

## Why Choose the PMS-3030 Accessories?

Does your enclosure need a lift off the ground? Literally? Need more floor space? When it comes to pole, H-frame or wall mounting, or working with cabling or power underneath your enclosure, or if you simply need your enclosure to sit on top of the snow drifts instead of under it. Look no further than DDB's pole mount shelf. The PMS-3030 is the perfect solution for either indoor or outdoor. For applications outside standard application types listed below, please see sample calculations sheet and contact your representative for stamped drawings to meet your building code, OSHA, or any other known regulatory or statutory requirements.\*\* Additional Live, Wind, or Seismic loading on a supported enclosure can require additional anchorage to the supporting wall or pole. No mounting hardware included.

## Features

- Beige powder coat
- 15 Year Warranty
- Quick Shipping

## Application Types

- OD-16DX
- OD-30DX
- OD-40DX
- OD-50DX
- ST-30D
- ST-30DX
- ST-42D
- ST-42DX
