## Why Choose the SOD Series?

The SOD series enclosure is the ultimate choice for your outdoor equipment racking applications when versatility is needed. Being constructed of our Alumiflex® material, you'll find it noticeably lighter than steel, yet strong enough to rack even the heaviest equipment. When choosing the SOD series, ease of installation along with pad, pole and wall mounting options provide endless possibilities for where you can locate. With many standard features including 3-point pad locking system, venting system with reusable filter and top solar shield; you will see the value quickly add up. Add to this a long list of available options including climate controls, electrical and cable entry solutions allows the SOD series to provide a flexibility of options that are second to none DDB offers a state-of-the-art design, a competitive price, benchmark lead times and a guaranteed delivery, all backed up with an industry leading 15-year warranty on every enclosure. Put DDB's substantial stock to work for you today. Contact our professional staff to assist you with your made-to-order solution.
