

SBS Series

SBS-262210

Why Choose the SBS Series?

The SBS series, outdoor enclosure, is the ultimate choice for your indoor/outdoor requirements. Being made of our own rugged Alumiflex®, you'll find it noticeably lighter than steel, yet strong enough to support even the heaviest equipment. This new design offers a deeper compartment for more racking space. The SBS enclosure, is optimal for public safety applications. It is ideal for both indoor and outdoor applications. Due to the flexible platform, the SBS can be utilized as an electrical panel, battery storage, or communication cabinet as well as other numerous applications. The SBS series includes standard features you have come to expect, including a standard plywood back plate, key locks, and various mounting bracket types. Additional optional accessories that can be added to enhance functionality include HVAC and cable entry solutions. DDB offers, a state-of-the-art design, a competitive price, and a guaranteed delivery with benchmark lead times. Contact our professional staff to assist with your design today.
