DDB UNLIMITED®

An ISO 9001 Certified company

SOD Series

SOD-372420

Made in America

Believing in American Craftsmanship

15 YEAR WARRANTY

Why Choose the SOD Series?

The SOD-372420 enclosure is a top choice for outdoor equipment racking, offering unparalleled versatility. Constructed with our Alumiflex® material, it is notably lighter than steel yet strong enough to easily rack the heaviest equipment. The SOD series boasts easy installation for pad, pole, and wall mounting options allowing these boxes to install in any environment for any application. With standard features like a 3-point locking system, a venting system with a reusable filter, and a built-in solar cap to manage heat loads, the value quickly adds up. Adding to the flexibility, the SOD series is configurable to be used for indoor and outdoor applications and has an extensive list of available options, including climate controls, and electrical and cable entry solutions. All of this comes with the industry's best lead times, unmatched warranty, and competitive pricing. As expected, the DDB SOD series sets the mark as a design leader that is versatile and scalable to meet a wide array of situations. Contact our knowledgeable sales team for more information.

Features
